Professional Summary

An adaptable, resilient, and hardworking master's graduate. Demonstrates strong communication, problem-solving, and teamwork skills. Proven leadership abilities through projects and volunteering experiences. Eager to apply their technical expertise in dynamic and innovative environments.

Skills

- **Technical Skills:** Java, Data Structures & Algorithms, C, Python, Javascript, Bash, mySQL
- **Tools & Frameworks:** Pytorch, React, Git (SCM), Linux
- **Soft Skills:** Communication, Problem-solving, Adaptability, Resilience, Teamwork

Experience

KrikalSoft

Frontend Developer

Jaipur, Rajasthan

August 2025

- Developed and maintained responsive user interfaces using modern front-end technologies to improve overall user experience and accessibility.
- Collaborated with developers and designers to implement new features, fix UI bugs, and enhance application performance.
- Optimized front-end components by improving code structure, reducing load times, and ensuring cross-browser compatibility.

Projects

NYX (Discord Bot)

- Served as a project manager for a versatile open-sourced Discord bot, tailored to provide comprehensive Call of Duty Mobile weapon statistics.
- Contributed to the expansion of the bot from zero servers to over 1200 Discord servers.
- Actively engaged with a user base of over 178,000 unique users.
- [Source Code](#) & [Documentation](#)

MediLedger (Blockchain-based Health Document Retrieval)

- Designed a secure blockchain-based healthcare document retrieval system aligned with FHIR standards.
- Implemented identity-based access control, smart contracts for permissions, and immutable audit logs. Thus, Building a proof-of-concept using Python, Streamlit, and PyCryptodome.
- [Source Code](#) & [Demo App](#)

Certificates

- | | | |
|--|--------------------|-------------------------------------|
| • CCNAV7: Introduction to Networking | by Cisco | PDF March 2022 |
| • Database Foundation | by Oracle Academy | PDF April 2022 |
| • IoT Fundamentals | by Cisco | PDF February 2023 |
| • Linux Essentials Certification (NDG) | by Cisco (NDG) | PDF July 2023 |
| • Seasons Of Artificial Intelligence | by Microsoft Learn | PDF October 2024 |
- (Also received the **AI Rocket Award** for exceptional performance during the six-week event)

Education

- **Master of Computer Application** | Amity University, Noida | 2023 – 2025
CGPA: 7.95 • SGPA: 9.00
Specialized in Artificial Intelligence & Machine Learning (Dual Degree - MCA)
- **Bachelor of Computer Application** | Amity University, Lucknow | 2020 - 2023
- **Intermediate** [ISC] • Science | St. John's School, Marhauili, Varanasi | 2018 - 2020
- **High School** [ISCE] • St. John's School, Marhauili, Varanasi | 2016 - 2018
